Women of Faith Today

Fire From High

Women of Faith

established

in 2007 by

Nichelle "Nikki" Daniels

*to create an atmosphere of
spiritual intimacy and fellow-
ship among women.*

*The philosophy is to discuss
issues spiritually but not
theologically.*

We come together for

~ Fellowship ~

~ Prayer ~

~ Encouragement ~

*We study from a book
selection chosen by the group
and have open discussion
about the subject.*

*There are no teachers except
for the Holy Spirit.*

*The Holy Spirit has not
failed to show up. . .*

*We place our personal prayer petitions in
the midst of the prayer circle, touch, agree
and Believe!*

This is the most dynamic part. . . .

*The presence of God
reigns and this experience will keep you
yearning for more of his presence.*

*Do you need a prayer or would you like an
encouragement partner email us at
